

# SOCIOLOGY STUDIES A LEVEL – SUMMER ASSIGNMENT

# SOCIOLGY

Sociologists all over the world are fascinated by the society in which we live in. As we are currently in unprecedented times whereby the Coronavirus has affected essentially every aspect of society, your task is to think about how this period of social-distancing and Covid-19 has impacted on society and individuals.

**Complete the tasks below:**

## TASKS 1

Write a couple of points on how each of the following areas of society have been affected:

- Family life
- Education
- Religion
- Crime
- Social inequalities class with the code: brng15x3lv

Otherwise, you will be asked to create an account.

Or, you can scan the QR code below with your phone:?

We are also asking you to try out / research and feed back about online resources / a specific issue in chemistry / or person who has been important in the development of chemistry.

## TASKS 2

Create a questionnaire or interview with 2 or people, documenting their experiences of 'social distancing and Covid-19', include 5-10 questions. Your questions should link to the key sociological themes above e.g. education, family, religion, crime, social inequality.

## TASKS 3

Using your findings write up a reflection of between 200-500 words on 'How Covid-19 has affected those around you'.

Bring this work to your first sociology lesson.
